This safety warning list has been prepared in accordance with Regulation (EU) 2023/988 on general product safety (GPSR). The aim is to protect users from potential hazards resulting from improper use. The warnings are written in a clear and understandable way to be accessible to a wide audience, including elderly people and people with mobility limitations.

PARAFFIN OIL FOR IMPREGNATION OF CUTTING BOARDS

Product Identification:

1. Trade name: Paraffin oil for impregnation of cutting board
2. Form: clear, colorless liquid, odorless and tasteless
3. Packaging: plastic bottle 100 ml or 250 ml

Intended use:

The oil is intended for impregnation and preservation of wooden products intended for contact with food, in particular cutting boards. The product is not a foodstuff.

Basis of conformity and safety:

1. Documentation confirming the safety of the raw material:
 - 1.1. The paraffin oil complies with the requirements of international pharmacopoeias and purity standards for substances intended for food contact.
 - 1.2. The product has NSF 3H registration, allowing direct contact with food as a release agent on surfaces such as cutting boards.
 - 1.3. The content of polycyclic aromatic hydrocarbons (PAHs) complies with permissible standards.
2. Chemical and functional safety:
 - 2.1. Paraffin oil is chemically neutral, colorless, odorless, and non-toxic.
 - 2.2. Flash point: $\geq 240^{\circ}\text{C}$.
 - 2.3. No risk to consumer health has been identified when used as intended.
3. Compliance with EU regulations:
 - 3.1. Regulation (EU) 2023/988 on general product safety (GPSR).
 - 3.2. Regulation (EC) No 1935/2004 on materials and articles intended to come into contact with food.
 - 3.3. Commission Regulation (EC) No 2023/2006 on good manufacturing practice.

Informacje dla użytkownika: User information:

1. Before first use of the cutting board, apply a thin, even layer of oil and allow it to absorb.
2. The process may be repeated regularly depending on the intensity of board use.
3. Product intended solely for wood impregnation do not ingest.
4. Store in a closed container, at room temperature, away from sources of ignition.
5. The Declaration of Conformity with the requirements of Regulation (EC) No 1935/2004 is available on the manufacturer's website or attached as a separate document.

DECLARATION

Based on the available technical documentation, I confirm that the paraffin oil, bottled in 100 ml and 250 ml containers, intended for impregnation of cutting boards, meets the safety requirements in accordance with applicable EU regulations.
